

To run from 1/27/03 – 3/29/03

Dear Health Check Provider:

Vaccines for Children (VFC) only provides the 3-dose vaccine of Hemophilus Influenza (90647). As a result, updates were made to the Health Check Policy and Billing Manuals (one of the many changes mentioned in the Health Check cover letter distributed in December 2002). Please note in the January 2003 revision of Appendix D of the Health Check Policy and Procedure Manual, the 4-dose code 90648 (Hemophilus Influenza) has been deleted. Please use the 3 dose code 90647 for Hemophilus Influenza. Please contact EDS at 404-297-3748 to obtain your January 2003 Health Check Billing Manual reflecting this change. If you have any questions and/or concerns, please call the Health Check Program at 404-656-4135 or 1-800-377-3557. Thank you.

Sincerely,
Georgia Department of Community Health, Division of Medical Assistance
